

Juan Miguel Caparas

IT Manager | Systems Implementation | IT Operations

Manila, PH • +63 949 721 5361 • juanmiguelcaparas76@gmail.com • [LinkedIn](#) • [Portfolio](#)

Professional Summary

IT Manager with experience leading systems implementation, IT operations, vendor coordination, and service delivery for 1,000+ users. Led Pointblue's Collo deployment across 4 departments, covering requirements gathering, due diligence, privacy checks, data migration, go-live planning, and hypercare. Managed IT budgeting, Google Workspace governance, access controls, and process improvements, with a technical background in automation, reporting, and internal systems development. Certified Professional Scrum Master I.

Professional Experience

Pointblue by Aboitizland | Manila, PH

IT Manager / Systems Implementation Lead | Apr 2025 – Present Developer | Jan 2025 – Apr 2025

- Led end-to-end deployment of **Collo across 4 departments and 1,000+ users**, covering requirements gathering, vendor due diligence, privacy checks, data migration, go-live planning, and hypercare.
- Managed Collo **post-deployment stabilization**, including tenant expectations, bug resolution, software issues, vendor coordination, user feedback, and improvement requests.
- Managed annual **IT budgeting and expense allocation of approximately ₱11M** across software, licenses, infrastructure, vendor services, equipment, and operations.
- Owned Google Workspace administration and governance, **reducing licenses from 70+ to 30+** and lowering annual costs by approximately **₱500K** through access reviews, license optimization, and 2FA enforcement.
- Built an internal ticketing system using Google Apps Script for 50+ staff, **replacing Slack-based ticket requests** and standardizing intake, tracking, and resolution.
- **Modernized Pointblue's legacy property management system** by improving UI flows, optimizing queries, and adding security deposit tracking.
- **Created occupancy, booking, renewal, move-out, and rate forecasting models** used for budget planning, sales performance tracking, and 2027 occupancy projections.
- Developed daily booking summaries, **dashboards**, and system-export reports to improve management visibility on targets, performance, and operational gaps.

Skills

- **Systems Implementation:** Requirements gathering, vendor due diligence, privacy checks, data migration, go-live, hypercare
- **IT Operations:** ITSM, ticket triage, service delivery, incident resolution, access reviews, budgeting, documentation, process improvement
- **Cloud & Administration:** Google Workspace Admin, GCP IAM, user lifecycle, access control, 2FA, license optimization
- **Reporting & Analysis:** Occupancy forecasting, booking analysis, renewals, move-outs, budget planning, dashboards, Google Sheets, system exports
- **Development & Automation:** Google Apps Script, JavaScript, Node.js, Express.js, React, REST APIs, MySQL, MongoDB, Git/GitHub
